

STATEMENT OF PURPOSE

RS21848

The purpose of this legislation is to adjust the compensation for the members of the Honey Advertising Commission. It changes the compensation from \$15 per day to \$50 per day. The compensation is provided as an honorarium and shall be reimbursed for actual and necessary expenses. It shall not be considered as salary. The change is being made following the passage of legislation in 2012 which increased the duties of the commission.

FISCAL NOTE

There is no fiscal impact to the general fund as the commission is self supporting.
